**Women's International League for Peace and Freedom**

**Feminist activism... powerful voices for peace**

August 2023

## Who we are

WILPF – the Women’s International League for Peace and Freedom – is a feminist peace movement.

WILPF was set up in 1915 in The Hague at the International Congress of Women, and is the oldest women’s international peace organisation active today with National Sections in every continent.

Our mission is to stop wars and prevent future wars by dismantling the causes of war and armed conflict. WILPF has a proud history of feminist peace activists campaigning for over a century towards our mission.

## Our campaigns

WILPF campaigns on the following themes:

- disarmament
- women, peace and security
- climate justice
- human rights

## What we do

WILPF works through solidarity in global networks of women and feminist activists. We use new, old and creative methods to build a world of permanent peace founded on feminist foundations of freedom, justice, non-violence, human rights and equality for all, where people, the planet, and all its other inhabitants coexist and flourish in harmony.

## We work locally, nationally and internationally

- to engage in grassroots activism with other like-minded women and organisations on issues including disarmament, anti-militarism, equality, gender and peace, climate justice and human rights
- to raise awareness and enable action for change in our local communities
- to influence UK legislation and policies, to advocate with politicians and inform the media, as well as those who make decisions locally, nationally and internationally
- to enable our voices for peace to be heard in support and solidarity around the world, campaigning for a feminist approach to disarmament, foreign policy, peace-building and conflict resolution
- to campaign for humanitarian responses and human rights initiatives
- to seek global solutions to promote climate justice, and social and racial justice

## Be active in our campaigns

We welcome volunteers who want to join with others to work on one of our campaigns. If you are interested, let us know. You can contact the Secretary at [ukwilpf.peace@gmail.com](mailto:ukwilpf.peace@gmail.com)

While campaigning is our purpose, there are many tasks that need to be done to keep us going. So whatever your background, it may be that you could help.
